WHETHER YOU WORK IN INDUSTRY, THE OFFICE, EDUCATION OR THE HEALTH FIELD YOU HAVE MANY GOOD REASONS TO KNOW US.

Below are listed 3M's major product groups and description of their product lines.

Adhesives, Coatings & Sealers: Adhesives, weatherproof multi-surface sealants and spray adhesives for construction and industry.

Industrial Abrasives: Coated abrasives for grinding and polishing in wood, metal, plastics, glass, rubber and leather industries.

Automotive Refinishing: A complete line of refinishing products for the automotive aftermarket.

Building Services and Cleaning Products: Cleaning supplies and dirt walk-off mats for buildings.

"SCOTCH" Brand Products for the Office: Tapes for mending, attaching, sealing, packaging, labelling and protecting plus matched dispensing systems. Reusable adhesive bulletin boards, spray adhesives and word-processing magnetic media.

Industrial Specialties: Welding back-up tape, adhesive transfer tapes and guns, double-coated, foam, paper and plastic tapes for industry, cushioning and fastening products.

Industrial Tapes: Masking, vinyl, foil, teflon and other specialty tapes for industry.

Packaging Systems: Manual and automatic box sealing systems, film, bundling, polyester strapping and label protection tapes for industry.

Occupational Health and Safety Products: A line of filter masks, respirators and supplied air personal environmental systems for mining and industry.

Dental, Diagnostic and Veterinary Products: Dental crowns, composite material and fluoride systems, stethoscopes, monitoring electrodes, optical edging products and veterinary products.

Medical Products: Gas sterilization equipment, chemical and biological indicators, surgical tapes, dressings and bandages.

Surgical Products: Air driven surgical tools, surgical strips, drapes and masks for the operating room. Surgical implants include joint replacements, interocular lens and silicone.

Electro Products: Electrical tapes, connectors, lugs, terminals, splicing and terminating kits.

Industrial Electrical and Electronic Products: Multi-conductor flat cable and connector systems, tapes, resins and tubing.

Telcomm Products: Telecommunication products for connecting, terminating, testing and environmentally protecting telephone system components.

Audio-video Recording Products: Professional audio-video recording tapes and recording equipment for education and industry.

Data Recording Products: Disk packs, cartridges and computer tape, also diskettes, digital cassettes and word-processing media.

Decorative Products: "Scotchcal" and "Controltac" vinyl films for vehicle identification and graphics and "Nextel" suede coating for functional and decorative interior architectural uses.

Traffic Control Products: Reflective sheetings, signing and lane marking, signal heads and signal delays for emergency vehicles.

Library Systems: "Tattle-Tape" library and retail security systems, "3M" Bibliographic Control Systems, a complete range of microfilm hardware, software and accessories for the library. Home Pro Do-It-Yourself services.

New Business Ventures: "Oil Sorb" material for separating oil from water, "Glass Bubbles" resin extender and "Integral Heat" hospital food service system.

Static Control Systems: Static eliminators for presses, "Masterwipe" film cleaners, and "Velostat" materials for elimination of static buildup in computer rooms or production areas.

"SCOTCHGARD" Products: Water repellent, soil, stain and static resistant chemical treatments for man-made and natural fibres in textiles and carpet trades.

Industrial Chemicals: "Scotchban" paper protection (for resistance to oil and grease staining), "Fluorad" surfactants (for floor finishes, paints, coatings, inks, etc.), "Fluorinert" electronic liquids (for testing and cooling electronic components), and "Fluorel" fluoroelastomers (for high chemical and temperature-resistant rubbers).

Fire Protection Systems: "Light Water" aqueous film forming foam and equipment (for extinguishing and securing flammable liquid fires).

Copying Products: A complete line of equipment and supplies ranging from high-speed plain paper copiers to low volume portable units. We offer reduction capabilities, oversize copying, on-line collating, roll or sheet fed equipment.

Overhead Projection Systems: A complete line of overhead projectors, plus transparency makers, film, transfer letters and symbols, art files, colour film and pens, and literature.

Facsimile Products: Remote copiers for the transmission via telephone of any printed, written, photographed or typed original document, across town or across the country in as fast as less than a minute.

Microfilm Products: Computer Output Microfilm recorders, records management storage and retrieval of information on microfilm or microfiche.

Printing and Industrial Graphics: A complete line of graphic arts supplies including pre-sensitized printing plates, developing chemicals, dampening sleeves, pressroom chemistry, colour proofing material and graphic arts film. Plate and colour proofing processing equipment, camera plate and Pyrofax systems equipment.

Consumer Products: A selection of fine 3M products for home use.

There are many new 3M products that are not included on this list. For further information contact us.

A.C. WILD, LTD: Metal-building insulation specialists, serving Canada and the world.

Call on us for single-source expertise in all industrial, residential or commercial insulation... from stock, or custom made.

Our company: For 60 years, A. C. Wild has led the way with innovative insulation methods and materials. Today, our experience and skills serve all areas of the construction industry, from drawing board to building site—wherever that site may be.

Our products: ACWIL^R metal-building insulations employ only first-quality fiberglass and premium-grade facings ... yet they offer exceptional cost efficiencies. They're light and easy to work ... yet versatile enough to span an aircraft hanger or line the walls of an indoor tennis court. And they're designed for long-life performance, with thermal-resistance values up to R–20+!

Our stock selection includes rolls of 50′ to 180′, in thicknesses 1½″ to 6″, with a variety of factory-laminated facings ... including vapour-barrier types, self-extinguishing or ULC-rated fire resistant types, or decorative styles which are all the decor the job requires.

(We also specialize in duct insulation for acoustic and/or thermal control ... rigid or flexible, with or without laminated facings, from stock or custom made.)

Our promise: We've earned an industry-wide reputation for quality products, rapid order processing and prompt delivery. When you call on us for your metal-building insulation needs—large or small, off-the-shelf or custom made—your order will be on site, on time, anywhere in Canada or the world. You can depend on it.

INSULATIONS
®

INTRODUCTION

Canadian Trade Index has been the authoritative guide to buying and selling in Canada for 80 years. It contains a comprehensive list of Canadian manufacturers having more that a local distribution for their products, irrespective of membership in The Canadian Manufacturers' Association. The Index is kept up-to-date by contact each year with listed companies who are asked to revise or confirm their listings. It is the foremost directory of its kind in Canada today. While great care is taken in compiling the listings, the publishers cannot assume liability for losses arising from any statements, errors or omissions.

HOW TO USE THE CANADIAN TRADE INDEX

There are 8 sections in the Canadian Trade Index:

1. Display Advertisers — pages prefixed A (white paper)
   Cross references to the display ads follow the companies' listings in Sections B & D.
2. Alphabetical list of manufacturers — pages prefixed B (green paper)
   If you want to contact a company, look here for head office address, telephone number, branch and sales offices, names and titles of senior operating executives. Other data included — parent and subsidiary companies, principal products, brand names, export contacts, Telex/TWX, company size.
3. Geographical section — pages prefixed C (pink paper)
   If you are on the road and need to know what manufacturers are in the area, turn to this section where head office and plants of listed companies are arranged alphabetically by municipality, by province.
4. Classified List of Products — pages prefixed D (white paper)
   When you require a specific product, turn to this section where you will find in alphabetical order some 10,000 classifications of products made in Canada with the names and locations of companies making them. Frequent cross references will help you identify the product listing you want. Supplementing these lists are informative advertisements with additional information about a company's product. Those firms interested in exporting are indicated by an asterisk preceding their name. For further guidance on the use of this section see page D-2.
5. Farm Products — pages prefixed E (yellow pages)
   Here you will find an alphabetical and classified list of producers of agricultural products.
6. Services section — pages prefixed F (white pages)
   In this section are listings of many services to assist manufacturers — Canadian Government Foreign Trade Service, customs brokers and freight forwarders, highway freight and parcel carriers, airlines, steamship lines, transportation specialists, Canadian chartered banks, export trading houses, and much more.
7. French (or Spanish) Glossary — pages prefixed G (green paper)
   To assist readers whose first language is not English, an alphabetical list of the product headings in Sections D and E is provided in French (or Spanish) followed by the English equivalent.
8. Trade Marks Section — pages prefixed H (white paper)
   When you know the trade name but not the name of the company manufacturing the product, consult this section. Then refer to Section B for full information about the company.

EDAC IS THE FASTEST GROWING CARD EDGE CONNECTOR COMPANY IN NORTH AMERICA

For at least 250,000 good reasons. You see, when you add up all the series of Card Edge Connectors, the magnitude of contact sizes, single and dual readouts, contact plating and material, insulator material, available card guides and termination styles, that comes to more than one quarter million choices available.

Each one designed and manufactured to exceed the most demanding specifications for total operational reliability and durability.

There are a number of other important reasons which have helped make Edac the fastest growing Card Edge Connector Company in North America:

Company integrity, fast delivery, prompt turnaround, the desire and ability to manufacture to custom specifications quickly and efficiently and the pride of doing a good job well.

For further information and free comprehensive catalogue, please contact Edac, today!

Edac Connectors are C.S.A. and U.L. approved and are available throughout the major countries of the world.

The Canadian Manufacturers' Association—

How It Serves Industry

OBJECTS

The objects of the Association are to promote Canadian industries and to further the interests of Canadian manufacturers and exporters, and to render such services and assistance to the members of the Association and to manufacturers and exporters generally, as the Association shall deem advisable from time to time.

CANADIAN TRADE INDEX

This annual directory of Canadian manufacturers provides detailed information on over 13,000 companies, listed alphabetically, geographically, by products manufactured and by trade names. Canadian Trade Index is widely circulated in Canada and abroad in the interests of promoting the sale of Canadian manufactured products.

CUSTOMS

Provides information and guidance on all import-related matters, including tariff classification, rates of duty, valuation, anti-dumping, refunds, drawbacks, appeals, documentation, import quotas, Tariff Board activities, duty remissions and international trade agreements.

ECONOMICS

Studies economic conditions in Canada and abroad; analyzes business trends; provides economic and statistical information to members upon request and through an economics circular service; co-ordinates the activities of the Business Environment Committee; assists various committees in the preparation of briefs and statements and undertakes special research projects.

EXPORT

Information on export procedures, techniques, markets; tariffs, documentation and other requirements of foreign countries; non-tariff barriers and export controls; administration of the Export Forum organization and the Course in the Principles and Practices of Export; provision of a multi-lingual translation service; authentication of customs documents for export shipments, etc.

INDUSTRIAL RELATIONS AND SOCIAL AFFAIRS

Provides information on collective bargaining and labour relations, analysis of trends and developments in employer-employee relations, labour legislation, pensions, employee benefit plans, unemployment insurance, workmen's compensation, annual vacations with pay, statutory holidays, wages, etc., activities of the International Labor Organization and other labour-related agencies.

LEGISLATION

Maintains a watching brief on corporate and consumer legislation affecting manufacturers. Information is most sought on labelling of goods, consumer legislation, combines legislation, discriminatory trade practices, corporation law, federal, provincial and municipal elections, patents, trade marks, copyrights and industrial designs, mechanics' liens, insurance matters, conditional sales, food and drug regulations and weights and measures regulations. The Department also examines developments in environmental quality and telecommunications legislation.

MEMBERSHIP

Solicits new members and explains CMA services to existing members. Informs prospective members as to their eligibility, fees, etc.

METRIC RESOURCES CENTRE

Metric conversion affects all manufacturers as Canada's changeover program gathers momentum. CMA has developed a central source of factual information on the conversion programs of companies and industrial sectors here and abroad.

PUBLIC AFFAIRS

As the communications department of the CMA, Public Affairs is responsible for a broad range of information both to members and the public stressing the importance of the manufacturing sector of the Canadian economy. The Department publishes *Enterprise* every second week for CMA members, legislators and the media. Numerous booklets and pamphlets are produced to assist with common business situations.

TAXATION

Provides information on federal and provincial corporate income tax matters including the determination of taxable income, methods to calculate tax instalment payments, allocation of capital cost allowances and the treatment of corporate dividends. Collects information on the main features of taxation of leading industrial countries. Offers information on federal sales and excise tax matters and provincial retail sales taxes, including exemptions, refunds and assessments.

TRADE ASSOCIATIONS

Offers professional management services for industry trade associations to identify and resolve industrial problems through co-operative action within the industry. Special emphasis is placed on government contacts and presentation of industry views to all levels of government; communications, marketing, technical and statistical services.

TRANSPORTATION

Provides information to members on all facets of transportation services, costs, and regulations. Represents the interests of manufacturers on transportation issues to governments, regulatory bodies, and carrier groups.

THE CANADIAN MANUFACTURERS' ASSOCIATION

ONE YONGE STREET, TORONTO, ONTARIO M5E 1J9

VANCOUVER • EDMONTON • WINNIPEG • TORONTO • OTTAWA • MONTREAL • MONCTON • HALIFAX

Our business is engineering. With imagination. For customers across Canada and around the world.

- aircraft gas turbine repair and overhaul
- components for nuclear power applications
- container chassis
- custom machinery
- electric-electronic control equipment
- engineering laboratory services
- fibre board equipment
- forestry equipment
- forgings
- gas turbine components
- highway trailers
- highway trailer repair services
- industrial and mine cars
- industrial castings
- light rail vehicles
- liquid storage terminal services
- log skidders
- mine roadway support systems
- mining and tunnelling machines
- railway axles
- railway and industrial wheels
- railway castings
- railway freight and tank cars
- railway passenger cars (subway, commuter and inter-city)
- railway tank and hopper car leasing
- sawmill machinery
- steel fabrications
- steel ingots
- storage and pressure tanks
- sugar cane separators
- trackwork

Serving Canadian energy and natural resource industries.

Dresser is...

A diversified industrial corporation known around the world for technical excellence in the products and services it provides. It serves three broad markets:

- The energy markets — oil and gas, electric power generation, coal and the petrochemical industries.
- Basic materials producers — steel, aluminum, copper, glass, cement, paper, chemicals, plastics, and other materials industries.
- General Industry — automotive, aircraft, electric appliances, machinery, shipbuilding, road-building, construction, mining, and other industries.

Dresser operates plants and mines throughout Canada and employs approximately 2,500 people.

CANADIAN OPERATIONS

Dresser Industries Canada, Ltd.

1. Industrial Products Division

ASHCROFT gauges and instruments; HANCOCK, CONSOLIDATED and DEWRANCE valves; SHAW-BOX cranes; BUDGIT hoists; LOAD LIFTER hoists and cranes; CLECO and QUACKENBUSH pneumatic tools; DRESSER piping specialties; ROOTS meters; AIRETOOL tube cleaners and expanders; STURTEVANT RICHMONT torque tools; BAY STATE and FELKER abrasive products; WAYNE gasoline pumps. In addition, the Cambridge plant manufactures drilling, workover, and well servicing rigs for the Ideco Division.

Headquarters, Export Sales Office, Warehouse and Service Centre:
a. 6688 Kitimat Road, Mississauga, Ontario L5N 1P8
Telephone: 416/826-8411 Telex: 06-97654

6688 Kitimat Road, Mississauga, Ontario L5N 1P8
Telephone: 416/826-8411 Telex: 06-97654

9. LeRoi Division

LeROI crawler-type drilling equipment, portable and stationary air compressors and air tools.

Sales Office:
6688 Kitimat Road, Mississauga, Ontario L5N 1P8
Telephone: 416/826-8411 Telex: 06-97654

10. Lodge-Cottrell Operations

Electrostatic precipitators for pollution control.

Headquarters and Sales Office:
6688 Kitimat Road, Mississauga, Ontario L5N 1P8
Telephone: 416/826-8411 Telex: 06-97654

11. Marion Power Shovel Division

MARION blast hole drills, walking and crawler-mounted draglines, stripping shovels and mining shovels.

Sales Office and Warehouse:
2471 East Simpson Road, Richmond, British Columbia V6X 2R2
Telephone: 604/273-8494

Service Representatives:

Telephone: 709/944-3955

13. Roots Blower Operations

ROOTS centrifugal air and gas compressors, rotary positive displacement air and gas blowers, rotary positive displacement vacuum pumps; ROOTS TURBAIR® central vacuum systems.

Sales Office:
6688 Kitimat Road, Mississauga, Ontario L5N 1P8
Telephone: 416/826-8411 Telex: 06-97654

14. Pacific Pumps Division

PACIFIC centrifugal pumps for the energy industries.

Sales Office:
6688 Kitimat Road, Mississauga, Ontario L5N 1P8
Telephone: 416/826-8411 Telex: 06-97654

15. Waukesha Engine Division

WAUKESHA heavy duty diesel, natural gas and gasoline engines.

Sales Office:
Suite 418, Lancaster Building, 304 — 8 Avenue, S.W.
Calgary, Alberta T2P 1C2
Telephone: 403/266-8666

16. Dresser Atlas Division

Wireline services including oil and gas well logging and completion services, subsurface formation evaluation and production logging services.

Headquarters and Sales Office:
No. 1200, 505 — 3 Street S.W.
Calgary, Alberta T2P 3E6
Telephone: 403/261-2060

Operations Headquarters
4107 — 99 Street, Edmonton, Alberta T6E 3N4

20. Ideco Division

Drilling, workover and well servicing rigs and rig equipment including trailer-mounted and self-propelled rigs, masts, drawworks, hoists, traveling blocks, swivels, rotary tables and mud pumps

Distributor:
Petroleum Supply Ltd.
1409 London House, 505 — 4 Ave. S.W., Calgary, Alberta T2P 0J8
Telephone: 403/264-3972

21. Magcobar Division

Oilfield drilling fluid systems.

Headquarters and Sales Office:
No. 300 Canada Place, 407 — 2 Street S.W.
Calgary, Alberta T2P 2Y3
Telephone: 403/261-2060

Sales Offices:
4107 — 99 Street, Edmonton, Alberta T6C 3N4
Telephone: 403/463-6711

9645 — 83 Avenue, Grande Prairie, Alberta T8V 4L9
Telephone: 403/532-1116

Stelco's Principal Products

Plate
Carbon. High strength low alloy. Pressure vessel. Structural and other qualities.

Hot rolled sheet
In coils and cut lengths.

Cold rolled sheet
In coils and cut lengths.

Galvanized sheet
Regular "Stelcoat" and wiped-coat "Colourbond" in coils and cut lengths.

Tin plate
Electrolytic and tin mill black plate.

Prefinished steel
"Stelcolour" in coils and in colours.

Cold finished bars
Cold drawn bars, turned, ground, and polished bars.

Hot rolled bars and shapes
Round, flats, angles, squares, hexagons and special sections in a wide range of sizes to special quality carbon; alloy; high strength low alloy and merchant quality specifications.

Tubular products
Continuousweld steel pipe, electric resistance weld steel pipe, double submerged arc weld steel pipe, "Stelform" double submerged arc spiral weld steel pipe, electricweld (mechanical and pressure) hot rolled as welded (HRAW) and cold drawn steel tubing, hollow structural sections, oil country tubular goods, piling pipe, seamless steel pipe hot finished and seamless (mechanical and pressure) hot finished or drawn over mandrel (DOM) steel tubing, nipples and couplings.

Fasteners and studs
Bolt and screw products (standard and special), washers, rivets, B7 studs, rock bolts, track fasteners and pole line hardware.

Forgings
Standard and custom forgings in light and medium weights.

Construction materials
Reinforcing bars, welded wire fabric, pre-stressed concrete wire and strand.

Residential siding
A complete range of prefinished residential steel siding, trims, and accessories, eight colours.

Hot rolled wire rods
High carbon, low carbon and alloy rods available in a complete size range in heavy weight compact coils. "Stelmor" quality control cooled rod to your specification.

Manufacturers' wire
Wire and strand, in a wide range of sizes, grades, finishes, coil weights and cut lengths.

Merchant wire products
A full range of nails, fence, wire products, T-rail fence posts and putty. Sold largely through distributor channels.

Fence products
A complete service for industrial, institutional and residential fence.

Special products
Grinding balls, grinding rods, sucker rods, cultivator shanks, and grader blades.

Chemicals
Coal tar, iron oxides, lime and limestone.

RBW INC.

COMPUTERIZED PRINT PREP., PRINTING, BOOKBINDING, MAILING

PRINTING SERVICES FOR SPECIAL NEEDS

Recognizing the importance of providing special services to fill specific needs, we some time ago trained specialists to serve particular market requirements. We believe that our specialized divisions will provide you with the best service possible.

COMMERCIAL PRINT DIVISION

—has the 'Catalogue Specialist', who is trained to serve in this area and is also quite capable of handling the myriad of other jobs that general buyers of printing require.

CONSUMER CATALOGUE PRINT DIVISION

—is expert in the production of mass public-oriented catalogues and mailings.

DATA GRAPHICS

—provides technical computer consultation & services to take full advantage of "Data Base" for Automotive & Agri Parts Books; Price Lists & Directories.

PERIODICAL DIVISION

—handles magazine production and services; their people act as consultants to publishers.

BOOK MANUFACTURING DIVISION

—can provide the services required by most Book Publishers, including pre-press preparation and the final binding to produce hard cover or paperback books.

Together, these Divisions offer you personal service and a highly trained group of specialists—no matter what your printing requirements. Each Division has its own management group, copy preparation area and customer service men who are dedicated to providing the level of performance you require.

OUR SECOND 50

Last year Atlas Steels celebrated its Golden Anniversary. Much was accomplished during the "first fifty". What was once a small firm engaged in the forging and rolling of alloy steels was transformed into one of the world's leading producers of stainless, tool and alloy steels.

This achievement is reflected in our major production facilities at Welland, Ontario and Tracy, Quebec.

Both plants employ the most advanced equipment and processes, such as vacuum refining, to produce the finest specialty steels available anywhere.

And our steels are readily available anywhere in Canada . . . through our own Mill Sales offices and the vast network of modern service centres maintained across the country by Atlas Alloys, Drummond McCall, Firth Brown and Wilkinson Company.

With your help, Canada's only specialty steel producer has come a long way during the past 50 years.

As we begin our "second fifty", we would like to thank our many customers for their support . . . and convey to each the assurance that the steels produced by Atlas will continue to reflect our commitment to leadership in specialty steelmaking.

INDUSTRIAL MANAGEMENT CLUBS OF CANADA

The IMCC is affiliated with The Canadian Manufacturers' Association.

The prime objective of The Industrial Management Clubs of Canada is to train and develop those persons who have supervisory responsibilities so they are better prepared to perform as competent first line managers.

The IMCC/CMA affiliation is a working arrangement that recognizes the key importance of first line managers in the chain of communication between operating management and its partners on the shop floor.

SHEET METAL MACHINERY AND TOOLS

4668

Publications from CMA

Books and reference papers for your business library

AN APPROACH TO WAGE AND FRINGE BENEFIT SURVEYS
Assists companies to gather and organize their own survey data. $4.

CANADIAN TRADE INDEX
Canada's leading directory of manufacturers and their products. First copy free to CMA principal members; $17.50 to named representatives other than principal members; additional copies $41.72 to members; price to non-members $59.60. (Add Ontario sales tax where applicable.)

COMBINES INVESTIGATION ACT
Outlines the most important provisions of the Combines Investigation Act that are of interest to manufacturers. Chapters on Trade Practices Reviewable by the Restrictive Trade Practices Commission, Criminal Offences, Misleading Advertising and Promotion, and Special Remedies. Includes text of the Act. English and French in one edition, $10.

DIRECTORY OF COMPANIES WITH EDUCATIONAL AIDS (including Career Guidance)
A listing of manufacturing companies which will supply printed material and/or loan films about their industry to schools and other interested audiences. Free.

FOREIGN INVESTMENT REVIEW ACT
A complete statement and analysis in book form of the law governing the review of foreign investment in Canada. Includes all guidelines and regulations and the full text of the Act. $22.25.

INDUSTRIAL RELATIONS FOR SUPERVISORY PERSONNEL
A set of five programmed instruction booklets to assist in developing improved human relations with unionized employees, with emphasis on proper grievance handling. Set, $15. (CMA members $12.) Quantity discounts. (Available in French Only.)

INSIDE GOVERNMENT
Explains how the Canadian Federal Government's Parliamentary system works, with particular reference to the important roles played by the Prime Minister's Office, the Treasury Board and the Privy Council Office. $3.

MADE IN CANADA LABELS
Bilingual, pressure sensitive. Available in various sizes. See insert this section.

MANAGEMENT AND THE MEDIA
A guide to company relations with newspapers, radio and TV. Free.

MINIMUM WAGES — THEORY AND PRACTICE
A study of the implications of a continually escalating minimum wage rate on the wage structure and cost competitiveness of industry. Answers such questions as: who actually receives the minimum wage? how do Canadian levels compare with U.S. levels? how does an increase in minimum wage affect the entire wage structure? what is its impact on unemployment and inflation? (Supplementary information available to update this.) $5. (Available in French.)

FIFTEEN FINANCIAL RATIOS FOR 108 MANUFACTURING INDUSTRIES 1974 - 1976
Provides 15 financial ratios for 108 manufacturing industries, 1974 - 1976, together with definitions and technical notes. Also included are detailed income, retained earnings and balance sheet statistics for total Canadian manufacturing, 1975 and 1976. $3.50.

ON STRIKE
A manual to assist employers in preparing for a possible strike. Includes legal rights and responsibilities of employers and employees. $10 each to CMA members, students and educational institutions; $17.50 to others. (Available in French.)

PROFIT AND SALES TRENDS IN MANUFACTURING (1966 to 1978)
Provides statistics on sales, profits and return on sales and capital as well as three major financial ratios for the manufacturing sector and 15 major manufacturing industries. Statistics on the cash flow of the manufacturing sector are also included. $10 for CMA members, $15 non-members. (Updates previous publication which covered period 1962-1973).

PROGRAMMED INSTRUCTION IN POSITIVE EMPLOYEE RELATIONS
Five programmed instruction booklets meet the union-free employer's need to provide basic training in human relations to his supervisory staff. Vocabulary and dialogue identified with the workplace are used to portray realistic experience in handling personnel problems. Set, $15. (CMA members $12.) Quantity discounts. (Available in French.)

SALES TAX GUIDE
A compendium of useful information in book form relating to the application of federal sales tax in industry. Paper bound edition, including Act, Regulations and E.T. Memoranda, $22; deluxe edition, $27.

SUPERVISION
A quarterly publication of the Industrial Management Clubs of Canada directed to the first line supervisor. Annual subscription $10. (Available in French.)

WILDCAT
A quick reference to the legal remedies against an illegal strike available to private employers in each province and in the federal jurisdiction. $2.50.

WORLD TRADE NEWS
Monthly bulletin detailing developments and changes in tariffs and trade regulations, documentation and procedural requirements, as well as export opportunities and other essential information. Free to CMA members. Annual subscription to non-members, $25.

YOU'RE WELCOME
A planning guide for plant tours and open houses. $2. (Available also in French.)

PAYMENT MUST ACCOMPANY ANY ORDER FOR LESS THAN $15.00 BEFORE GOODS WILL BE SHIPPED. $1.00 FOR POSTAGE AND HANDLING FOR ORDERS UNDER $15.00; $2.00 FOR ORDERS IN EXCESS OF $15.00.

Handy & Harman has always been the name in silver brazing. But producing the finest quality products is only half the story.

The other half is service. Service from specialists who know silver brazing better than anybody else in Canada. When you have a metal joining problem they'll tell you how silver brazing can solve it and how to build it into your production facility.

HANDY & HARMAN IS MORE THAN A STICK OF ALLOY AND A JAR OF FLUX

We also have a unique training service and were the first company in our field to offer it. We conduct operating training schools with practical instruction. We also hold seminars complete with colour films and leave-behind literature. It's all free to our customers. If you would like to know more about how we can help you, please let us know.

BEARIUM METAL now available in Canada

Your **B**EST **B**UY in **B**EARING **B**RONZE

Even where water must be used as the only lubricant, BEARIUM METAL does not seize or score the shaft. The reason is that BEARIUM METAL, because of its superior frictional properties, is self-lubricating. Secret of its amazing performance is due to the uniform distribution of microscopic particles of lead within the copper-tin grains rather than between the grain boundaries as found in ordinary bronzes. So if you have a bearing requirement which calls for dependable, trouble-free performance—then BEARIUM METAL is your best buy in bearing bronze.

Non-Seizing and Non-Scoring . . . Long Life . . . High Compressive Strength . . . Self-Lubricating . . . Low Coefficient of Friction . . . resistant to Shock Loads . . . Sound, Uniform Structure . . . Free-Cutting.

Available in rough cast bars, individual castings and completely machined parts.

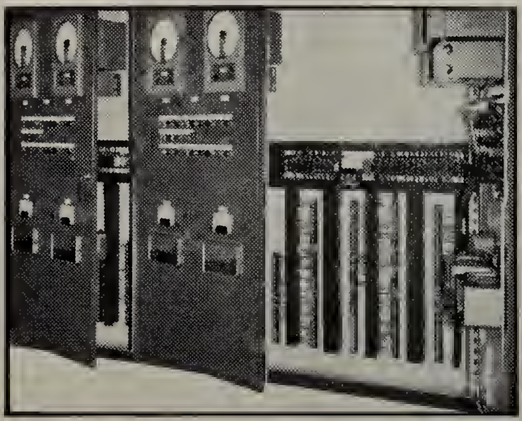
TORRID OVEN LTD.

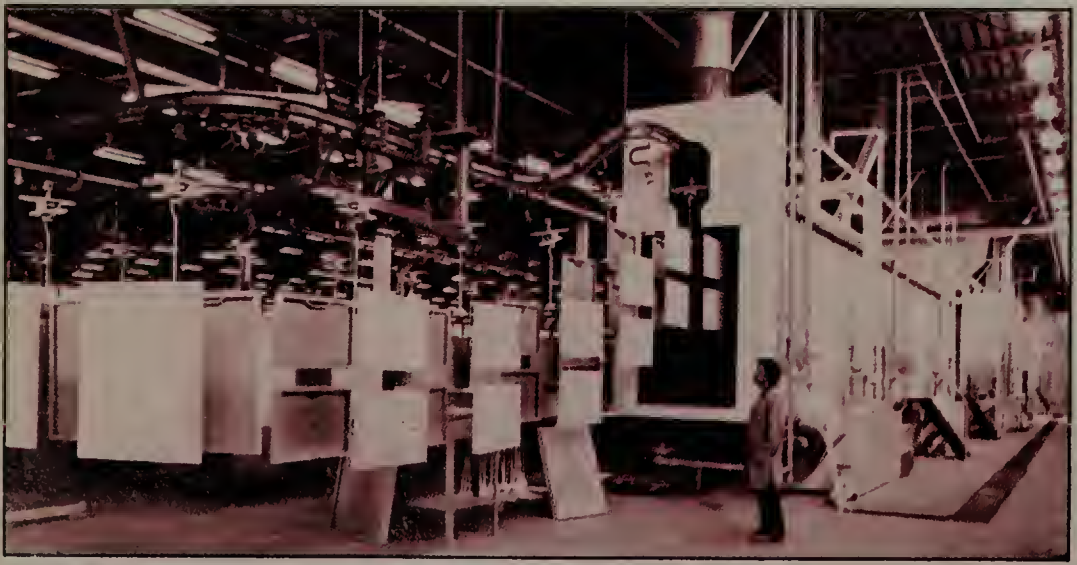
Engineers and Manufacturers of Complete
Conveyorized Finishing Systems

Sylvania baseboard heater housings entering Torrid electrodeposition system. Uniform, medium gloss prime finish provided high cost savings over previous paint spray system.

Special high temperature vacuum curing oven used in heat process development of aircraft components at Boeing Aircraft.



Factory wired and tested electrical and temperature control cubicles are manufactured to all National insurance codes; "flashing" annunciator lights quickly isolate any system malfunctions.



Dense coating of zinc phosphate applied to refrigerator doors and cabinets in 5 stage washer and sludge settling system; part of total finishing line including completely automatic painting of all cabinet surfaces.

OVENS

- Multi-zone ovens for water soluble and high solids paint finishes
- Powder cure ovens
- Hi-Velocity Moisture Removal
- Lithography ovens
- Conveyorized furniture drying ovens
- Gas & Electric radiant ovens
- Varnish curing

DRYERS

- Glass fiber insulation curing
- Hi-Velocity web curing
- Web flotation dryers
- Textile tenter dryers
- Loop dryers
- Infra-red dryers

PAINT FINISHING SYSTEMS

- Planning, engineering and installation of turn-key *liquid* and *powder* paint systems
- Paint Dip Systems
- Paint Flow Coaters
- Cleaning and Phosphating Machines
- Phosphate sludge removal
- Washer waste treatment Effluent Systems
- Incinerators and Heat Recovery
- Conveyorized In-line hook Stripping Machines
- Special engineered Paint Spray Booths
- Conveyors
- Automatic Electrostatic Powder Coating Systems
- Anodic and Catonic Electrodeposition Paint Tanks

In plant after plant, Torrid's design innovations, engineering ingenuity and dependable service have cut finishing costs for better more competitive products. Invite an experienced Torrid application engineer to analyze your finishing system – he's highly qualified to discuss the most complex problems without obligation.

Write to Robert Corcoran President.

Dofasco makes more kinds of flat-rolled steel than you may have realized.

Until now.*

Hot rolled steels

Steel Plate, widths from 8″ (203.2MM) to 60″ (1524MM) and thicknesses to .500″ (12.7MM).

Checker (Floor) Plate with elongated pattern. Up to 60″ (1524MM) width and .0747″ (1.9MM) to .500″ (12.7MM) in thickness.

Hot Rolled Sheet in commercial, drawing and structural quality and high-strength low-alloy (Dofascoloy). Widths from 2″ to 60″ (1524MM) and .059″ (1.50MM) and heavier thickness.

Hot Rolled Skelp up to 60″ (1524MM) in width and .500″ (12.7MM) in thickness.

Cold rolled steels

Cold Rolled Sheet is available in commercial, drawing and special quality groupings. Thicknesses range from .142″ (3.61MM) to .015″ (0.38MM) inclusive, widths from 2″ (50.8MM) to 60″ (1524MM).

Cold Rolled Strip, thicknesses from .009″ (0.23MM) to .142″ (3.61MM) and width of ½″ (12.7MM) to $23\frac{15}{16}$″ (608MM) inclusive.

Cold Rolled Skelp, available in thicknesses of .142″ (3.60MM) to .015″ (0.38MM) inclusive, widths up to 60″ (1524MM).

Electrical (Silicon) Steel is produced in a number of highly specialized types, AISI Nos. M-4 to M47 with thicknesses available in all electrical gauges and widths from ½″ (12.7MM) to 48″ (1219.2MM) inclusive.

Porcelain Enamelling Sheets, thicknesses from .082″ (2.09MM) to .023″ (0.57MM) inclusive, with widths up to 60″ (1524MM).

Blued Finish Sheet, thicknesses from .039″ (0.99MM) to .015″ (0.38MM) inclusive and widths up to 48″ (1219.2MM).

Tin Mill Black Plate and Tin Mill Blue Plate, base weights from 55 lbs. (.0061″) (0.15MM) to 128 lbs. (.0141″) (0.36MM) per Base Box, and widths up to 38″ (965MM) inclusive.

Coated steels

Except where noted, all are available in coils or cut lengths.

Dofasco Premier (regular galvanized) galvanized steel in varying zinc coating weights.

Satincoat (wiped coat) is a special galvanized finish expressly designed for high paint adherence and service under moderately corrosive conditions. Thicknesses from .176″ (4.46MM) to .014″ (0.35MM), and widths up to 60″ (1524MM) inclusive, dependent on thickness.

Dualcoat is a regular galvanized product with most of the zinc coating removed from one side of the sheet resulting in a differentially coated product. The finished product has a full coating on one side and a GO1 coating on the other side, thicknesses range from .176″ (4.46MM) to .014″ (0.35MM) and widths to 60″ (1524MM).

Minimized Spangle features controlled zinc crystal size for less spangle relief. Thicknesses are from .176″ (4.46MM) to .020″ (0.51MM), and up to 60″ in width (1524MM).

Culvert Sheets, 2 oz. per square foot (610 grams/sq. meter) zinc coating on copper bearing steel. Available in thicknesses from .168″ (4.27MM) to .040″ (1.02MM) inclusive, in widths up to 60″ (1524MM).

Electrolytic Tin Plate is produced as single-reduced or double-reduced in a complete range of tin coatings, base weights, (gauges) and sizes in sheets and coils.

Electrolytic Chromium Coated (T.F.S.-CT) is produced as single and double reduced qualities in the complete range of tin mill product thicknesses and sizes in both sheets and coils.

Dofasco Pre-Coat prepainted galvanized, cold rolled or tin plate sheets or coils up to 20,000 lbs. (9,070 kilograms). Paint finishes include alkyds, vinyls, acrylics, silicones, thick-embossed plastisols, and simulated brass and wood grain finishes. Widths to 54″ (1372MM) and thicknesses from .008″ (0.20MM) to .050″ 1.27MM).

---

*This listing hints at the wide choice of Dofasco flat rolled steels. But only hints. With variations in technical specifications, including carbon content, ASTM and SAE groupings, the choice is virtually limitless.

For detailed information about a Dofasco flat rolled product for your specific needs, write: Dominion Foundries and Steel, Limited, Sales Department,
P.O. Box 460,
Hamilton, Ontario.
Telephone: (416) 544-3761.

Falconbridge Nickel.

Right! Right!
Right!
Right! Right! Right!

Falconbridge provides the right nickel for almost every need.

Falconbridge electrolytic nickel is right for melters; it has 99.98% purity.

And Falconbridge Nickel Crowns with the same exacting purity, and smooth new free-flowing shape, are right for electroplaters.

Falconbridge Ferronickel is right, in ingots of about 35% nickel, the rest almost all iron—cobalt comprising less than one-fortieth the nickel content.

Falconbridge is right with Ferrocones. They're the new shape of convenience for melting operations.

Falconbridge Granular Nickel is right for alloy production. It's 99.7% nickel, remarkably free from fines.

And Falconbridge Active Nickel is even more right. It adds the dimension of porosity to that 99.7% purity mark for rapid dissolution.

For the right nickel for every purpose, specify Falconbridge.

Call your Falconbridge representative today.

jamesbury

DOUBLE-SEAL® BALL VALVES WAFER-SPHERE® BUTTERFLY VALVES CAN IMPROVE FLUID HANDLING FOR YOU

CLINCHER VALVES

An economical Jamesbury valve in bronze, carbon steel and 316 stainless steel with 18 superior features over other low cost valves. A new standard for superior performance in all plant services.

Sizes: ¼" to 2"

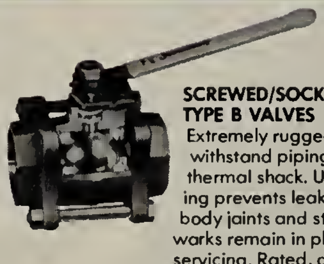
Bronze—400 psi, 150 WSP

Carbon and Stainless—800 psi, 200 WSP

SCREWED TYPE A VALVES

Available in a wide variety of materials, with selected seats, seals. Handles acids, alkalies, petroleum products, water, etc. Features quarter-turn operation, double sealing with patented flexible lip seats. Available for pressures to 2000 psi, temperatures to 450°F.

Sizes: ¼" to 3"



SCREWED/SOCKET WELD TYPE B VALVES

Extremely rugged design to withstand piping stresses, thermal shock. Unique sealing prevents leakage past body joints and stem. Topworks remain in place during servicing. Rated, depending on size, to 3000 psi.

Sizes: ½" to 2"

FLANGED VALVES

Features unobstructed pipeline flow, unique unit-body construction, positive shut-off, low torque over complete pressure range, high flow capacity. Manual or remote operation.

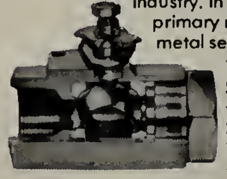
Sizes: ANSI Class 150 series, ½" to 16"

ANSI Class 300 standard and short pattern series, ½" to 16"

THREE-WAY VALVES

Takes the place of two standard valves. Permits diversion of flow from one line to another or blending of fluids with single valve. Remote actuator is optional.

Sizes: ANSI Class 150 series, 2" to 12"

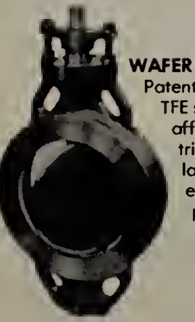


FIRE-TESTED VALVES

Accepted for use by the hydrocarbon industry. In event of fire and loss of primary resilient seats, secondary metal seats effectively shut off fluid flow.

Screwed End: ¼" through 3"

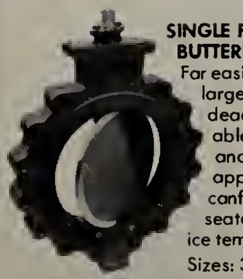
Flanged End: ANSI Class 150 and 300 series, ½" to 16"



WAFER BUTTERFLY VALVES

Patented sealing design with flexible TFE seat provides for positive shut-off up to 500°F, to 740 psi. Eccentric disc design assures extremely long cycle life. Available for either ANSI Class 150 or 300 piping systems.

Sizes: 3" to 30"



SINGLE FLANGE LUGGED BUTTERFLY VALVES

For easier installation of larger valves and for dead end service. Available in ANSI Class 150 and 300 designs, an application in other configurations. Metal-seated series for service temperatures to 800°F.

Sizes: 3" to 48"

CONTROL VALVES

For continuous modulating service. Combined valve, actuator and positioner gives a unique, integral control unit with high maximum flow capacity, precise double-orifice throttling, and leaktight shut-off.

Ball Valves: ¼" to 16"

Butterfly Valves: 3" to 48"

CANADIAN TRADE INDEX
One Yonge St., Suite 1400, Toronto, Ontario. M5E 1J9
PUBLISHED BY THE CANADIAN MANUFACTURERS' ASSOCIATION

The Canadian Manufacturers' Association—
How It Serves Industry

OBJECTS

The objects of the Association are to promote Canadian industries and to further the interests of Canadian manufacturers and exporters, and to render such services and assistance to the members of the Association and to manufacturers and exporters generally, as the Association shall deem advisable from time to time.

CANADIAN TRADE INDEX

This annual directory of Canadian manufacturers provides detailed information on over 13,000 companies, listed alphabetically, geographically, by products manufactured and by trade names. Canadian Trade Index is widely circulated in Canada and abroad in the interests of promoting the sale of Canadian manufactured products.

CUSTOMS

Provides information and guidance on all import-related matters, including tariff classification, rates of duty, valuation, anti-dumping, refunds, drawbacks, appeals, documentation, import quotas, Tariff Board activities, duty remissions and international trade agreements.

ECONOMICS

Studies economic conditions in Canada and abroad; analyzes business trends; provides economic and statistical information to members upon request and through an economics circular service; co-ordinates the activities of the Business Environment Committee; assists various committees in the preparation of briefs and statements and undertakes special research projects.

EXPORT

Information on export procedures, techniques, markets; tariffs, documentation and other requirements of foreign countries; non-tariff barriers and export controls; administration of the Export Forum organization and the Course in the Principles and Practices of Export; provision of a multi-lingual translation service; authentication of customs documents for export shipments, etc.

INDUSTRIAL RELATIONS AND SOCIAL AFFAIRS

Provides information on collective bargaining and labour relations, analysis of trends and developments in employer-employee relations, labour legislation, pensions, employee benefit plans, unemployment insurance, workmen's compensation, annual vacations with pay, statutory holidays, wages, etc., activities of the International Labor Organization and other labour-related agencies.

LEGISLATION

Maintains a watching brief on corporate and consumer legislation affecting manufacturers. Information is most sought on labelling of goods, consumer legislation, combines legislation, discriminatory trade practices, corporation law, federal, provincial and municipal elections, patents, trade marks, copyrights and industrial designs, mechanics' liens, insurance matters, conditional sales, food and drug regulations and weights and measures regulations. The Department also examines developments in environmental quality and telecommunications legislation.

MEMBERSHIP

Solicits new members and explains CMA services to existing members. Informs prospective members as to their eligibility, fees, etc.

METRIC RESOURCES CENTRE

Metric conversion affects all manufacturers as Canada's changeover program gathers momentum. CMA has developed a central source of factual information on the conversion programs of companies and industrial sectors here and abroad.

PUBLIC AFFAIRS

As the communications department of the CMA, Public Affairs is responsible for a broad range of information both to members and the public stressing the importance of the manufacturing sector of the Canadian economy. The Department publishes *Enterprise* every second week for CMA members, legislators and the media. Numerous booklets and pamphlets are produced to assist with common business situations.

TAXATION

Provides information on federal and provincial corporate income tax matters including the determination of taxable income, methods to calculate tax instalment payments, allocation of capital cost allowances and the treatment of corporate dividends. Collects information on the main features of taxation of leading industrial countries. Offers information on federal sales and excise tax matters and provincial retail sales taxes, including exemptions, refunds and assessments.

TRADE ASSOCIATIONS

Offers professional management services for industry trade associations to identify and resolve industrial problems through co-operative action within the industry. Special emphasis is placed on government contacts and presentation of industry views to all levels of government; communications, marketing, technical and statistical services.

TRANSPORTATION

Provides information to members on all facets of transportation services, costs, and regulations. Represents the interests of manufacturers on transportation issues to governments, regulatory bodies, and carrier groups.

EXPLANATION OF LIST

☆ THE LIST beginning on the following page comprises the names and addresses, alphabetically arranged, of all firms appearing in the classified section of *Canadian Trade Index*. At the end of a company's listing the number of employees is indicated by a letter in brackets, coded as follows:

KEY

(A) up to 25 employees
(B) 25 to 49 employees
(C) 50 to 99 employees
(D) 100 to 199 employees
(E) 200 to 499 employees
(F) 500 to 999 employees
(G) over 1,000 employees

We have not attempted to give, in this list a full account of the products. These will all be found under separate headings in the classified section immediately following the geographical section. Where the firm or company name does not indicate clearly the line of goods manufactured, then some of the main articles produced, or the nature of the firm's business, are mentioned.

For. Rep. means foreign representative for export sales purposes.
